PARKING
Parking is available at meters on surrounding streets for 25-cents for 12 minutes, with a two-hour maximum. The two-hour limit is strictly enforced. One must move to another spot at the end of two hours; just putting in more money will not prevent you from getting a ticket. The city's newest enforcement is that you cannot move to another space even on the same block, even if it was an empty space in front of you. You have to move to another block. This has not been as tightly enforced, but please be warned ahead of time.

Here is a link to Long term 10-hour meters (25-cents for 12 minutes or $6 for 10 hours) around downtown (marked in purple):
http://www.cityofsacramento.org/transportation/parking/onstreetmapslongtermmap.html

The ones closest to the office (5th St. east side) are occupied early in the day. The ones along 5th St. between S & R and 6th St. between Q & S are usually available.

Public parking garages:
- 7th Street, between "Q" and "R." 7th is one way going south - away from downtown. The "paying meter" is located inside the structure (concrete building). The meter accepts credit cards and cash. You need to know the number of the parking spot you are parked in order to pay at the meter. $8/day
Caution: There is another parking lot if you enter on R. That's a state parking lot where your car will be towed if you park there.
- 500 R St. (Entrance at 5th between R & S - 5th is one way going North - towards downtown Sacramento) Early Bird parking ($8 before 8:30 am)
- 7th & O – this one fills up by mid-morning
